## Ian Anderson

**Former CEO, Trans Mountain**

Ian retired in 2022 after 17 years as the CEO and President of Trans Mountain Corp, and predecessor companies, including Kinder Morgan Canada Inc. Ian had a 44 year career in the utility and midstream pipeline industry with such companies as Inter City Gas, Westcoast Energy, BC Gas, Kinder Morgan, and most recently with the federally owned Trans Mountain.

Ian has been actively involved in the evolution of Canadian industry regulation and policy, and has led extensive work at the intersection of industry, government and Indigenous rights and reconciliation. The vision and leadership of the massive expansion of the Trans Mountain pipeline, which was completed in early 2024, included an active and personal commitment to Indigenous economic reconciliation and intensive community engagement.

Ian is a professional accountant, and a graduate of the University of Michigan's executive program. Ian is now an Executive Advisor to Stonepeak Capital, he sits on the Board of Backwoods Energy Services, an Alexis Nation owned company, and he is also on the Board of Resourceworks. Ian is active in the charitable community of Calgary and has sat on numerous Boards and campaigns.
